Abstract

The following is the specification and time line of our Tower of Lights project.

The First Iteration

Requirements: The program should be able to...

- open .tan files
- check if the .tan file is legitimate
- create and save a blank .tan file
- show the first frame (optional)

The Time line

In the 1st iteration...due by Nov. 9 2016

In the 2nd iteration...due by Nov. 16 2016

In the 3rd iteration...due by Nov. 30 2016

In the final iteration...due by Dec. 7 2016
